Review of Meeting Minutes;

The Minutes of the February 6, 2020 meeting were unanimously accepted into record.

Old Business:

(1) Update on Inventory RFP, Request for Proposal:

There have been no bids at present to complete the Historical Structure Inventory for the town. The plan is to expand the RFP and Town Manager Kevin Mizikar will be in touch with Chairman Schwab with notice of any activity.

(2) Service Learning Project:

It was decided that the Service Learning Project in partnership with Paton School should focus on Historical sites in and around the center of town so that students could easily access them.

New Business:

(1) Community Preservation Act:

There has been continual discussion on the applications of a CPA in regard to Historical Preservation. Some such applications among many could be cemetery gravestone and monument repair, Historic Markers around town, Historic Home plaques and Inventory.

(2) Report on Allen House, 653-657 Main Street:

There has been no communication between the Commission and the current owners of the house and from all indications it will be demolished.

Meeting adjourned: 8:15 P.M.

Respectfully submitted by
Gail Aslanian, Secretary
