Town of Shrewsbury
 Board of Health
 100 Maple Ave.
 Shrewsbury MA 01545

Dear Town Official,

The Central Massachusetts Mosquito Control Project conducts water management projects for our member communities from October through March. The wetlands project coordinator conducts site assessments, evaluates and prepares projects throughout the year. Water management projects include stream cleaning, ditch maintenance and in some instances pond maintenance. In addition, we assess problem beaver habitat sites for potential mitigation projects. Town officials as well as residents may request assessments.

We would like to provide more services to your town and need your help for potential leads. Please let me know if you have any potential projects and I would be happy to provide an assessment.

For more information you may check out our water management website at www.cmmcp.org/restoration2.htm. Please contact me via email or phone call at proctor@cmmcp.org or (508) 393-3055 ext. 102. Thank you.

Sincerely,

Katrina K. Proctor
 Wetland Project Coordinator
